

# Things You Don't Grow Out Of

## The Lost Trailers

Still Love the smell of mamas house when somethings cookin on t  
he stove  
Still hug her neck when its time to go, leavins always tough  
Oh, theres some things you don't grow out of

I made a name here in this town with my right arm underneath th  
e lights  
And the trophies take me back to those Friday nights  
I cant bring myself to box em up, yeah, theres some things you  
don't grow out of

Like Your mamas love your biggest dream that little town you ha  
d to leave  
And all of those sweet memories of growing up wild and free  
The Sunday morning ringing bells, the preachers words, the way  
it felt  
And to this day I get my help from up above, yeah, theres some  
things you don't grow out of  
I'm older now and Ive seen some things, learned that life can s  
ure be mean  
But I try not to let the world rub off on me, I remember where  
I come from  
Cause theres some things you don't grow out of

Like the lessons learned from the time you spent with your gran  
dpa just you and him  
The innocence of another time I still go back there in my mind  
to Sunday morning ringing bells  
The preachers words, the way it felt and to this day I get my h  
elp from up above  
Yeah, theres some things you don't grow out of
