

Sword Swallower

The Loud Family

Lawrence, I feel stupid even standing here at all
(Ooh, waiting for a clue, waiting for it)
Biting nails like debutantes and waiting for a call
(Ooh, waiting for a clue, waiting for it)

I'll raise up the roof just like Martin Luther King
Sparkle and charm just like Paris in the spring
I'll swallow the swords like I'm in the center ring

Wow!
You know, I thought that you said 'want to get high?'
(Ooh, waiting for a clue, waiting for it)
As if we'd ever let that hour of opportunities go by
(Ooh, waiting for a clue, waiting for it)

I'll swallow the swords like I'm in the center ring
Raise up the roof just like Martin Luther King
I'll sparkle and charm just like Paris in the spring
