

Heart To Tell

The Love Language

Isn't it strange, these laws of attraction?
Let me be the one you rearrange
Lets start a chain reaction
We will know time will tell just like the tides
They ebb and flow
I'm no sailor, I want to rock the boat

And I cant waste a fallen star to fade away
I never had the heart to tell her
No, I never had the words to say
Some fools rush in, some fools just wait
I never had the heart to tell her
So I had to had the heart to break
And I'm still shaking the pain
You can walk all over me, just dont you walk away

I need a flame and she's a water bearer
Now I'm rubbing sticks out in the rain
Well it's just trial and error

We will know time will tell just like the tides
They ebb and flow
oh honey let me in or let me go

And I cant waste a fallen star to fade away
I never had the heart to tell her
No, I never had the words to say
Some fools rush in, some fools just wait
I never had the heart to tell her
So I had to had the heart to break
And I'm still shaking the pain
You can walk all over me, just dont you walk away
