[Hook Sheek Louch]

Read it and weep on em'
His jewelry look cheap on him
Them goons gone sleep on him
Late night they gone creep on him
Man, talk bout it the hood
Talk about them guns, talk about them bitches, talk about it your ones
You don't live it you just talk about it

[Verse Two Styles P]

Countin' blood money in the telly
I'm hanging up talkin' drug money on the celly
Nice whip, bigger houses, bitch ain't blind she she a nigga outfit
Gansta mobsta, I'm in the outfit
Mafioso, Trey Ocho
Either pays up or ? up the popo
Your ganstas local, mine is bi-costal, rather worldwide
I used to sling girl on my girl ride, hopin' that the world die
Hard ? in Gotham, raised by wolves this rich nigga's a problem
Know about stardom, top down in Harlem
Rock the Apollo, rocked out the Garden
Milk white whip, I'm lactose intolerant
Yeah I'm a ghost but I got goons and goblins

[Intro Sheek Louch]

Talk about it
You don't live it you talk about it
Talk about it
You don't live it you talk about it
Niggas talk it but ain't livin' it
Woo!

[Verse Two Jadakiss]

Talk about it, na, be about it
And ? reminds wanna' know, if he about it
Nothing can really go down unless he allow it
Cause his arm in the hood is as strong as a kilo of powder
Next question is what it cook like though?
And it sound good, but that ain't what it look like though
Life's a bitch and I can't wait to book that ho
I ain't no rapper dog I'm a crook that flow
Yo whip cost a half a mil, talk about it
When you see my shit parked, walk around it
You could just smell my weed and cough around it
Ain't no need tryin' to leave, you're all surrounded
You gone the hell fire's real
When the king talk, you can't tell side to chill
He'll have your body all in the ground with chalk around it
And that's something to talk about, so talk about it

[Intro Sheek Louch]

[Verse Three Sheek Louch]

Heavy verse you tell me what you buying

Feel free to just stop lying

You ain't get a deal yet stop trying

Why you going through her phone? Stop spying (She with me)

Niggas talkin it, it's unfortunate, you ain't popping nothing nigga put a cork in it

I bagged up kilos for real

I was in the street waving that steel

Fighting in the street they cut my nigga Bill

When your homies die it take time to heal

I been hard as nail

I swam with the whale

I been had money I just never had the sales

Couple million sold, probably went gold

The same chick you dating drink my whole load

? the great, nigga I'm straight

But why you on camera if you really moving weight?
