

Time of Year

The Lurkers

Now its that time of year when I feel poor
things will change rearrange

Everything is gonna be alright ill be with my baby tonight
Everything is gonna be alright ill be with my baby tonight

Aint got time to think aint got time to drink
Gotta move along now I now have sung my song

Everything is gonna be alright ill be with my baby tonight
Everything is gonna be alright ill be with my baby tonight

Everything is gonna be alright ill be with my baby tonight
Everything is gonna be alright ill be with my baby tonight

Now its that time of year when I feel poor
things will change rearrange

Everything is gonna be alright ill be with my baby tonight
Everything is gonna be alright ill be with my baby tonight

Ill be with my stranger in the night!
