

Love Me Like You

The Magic Numbers

Don't let your white dress wear you out
Oh honey it's the look in your eyes
Oh, cause honey I can see you
All my life I've hurt the ones I love
Oh baby you can turn it round
She don't love me like you

She don't know what you do
And it's so hard
She don't care what you say
So just say it, say it anyway
It's so hard

All my life I only tried to push me down
Oh baby you can turn it round
Oh, but honey I still see you
Don't let your friends tell you why
Cause I'm a bad bad bad, I'm the one
Oh baby you can turn it on
She don't love me like you

She don't know what you do
And it's so hard
She don't care what you say
So just say it, say it anyway
It's so hard

All those years gone by
I only wanna find a way to make it hard for you
All those years gone by
I only wanna find a way to make it hard for you

You'll never forget it

The way that she wished she don't feel the same
I only wanna find a way to make it hard for you
(Don't fail me now, don't fail me now...)
And she'll never forget it
The way that she wished she don't feel the same
I only wanna find a way to make it hard for you

And she'll never forget it
The way that she wished she don't feel no pain, no
I only wanna find a way to make it up to you

And she'll never forget it
The way that she wished she don't feel the same, no
I only wanna find a way

I only wanna find
I only wanna find

She don't love me like you
She don't love me like you

She don't love me like you
She don't love me like you
She don't love, no she don't
