

## Take A Chance

### The Magic Numbers

What you gonna do when it all breaks down  
Take another heart through this lonely town  
What you gonna do when she turns around  
And says I never ever thought that you'd be messing around  
But then you dance, dance, dance with the woman that lets you  
How's it gonna feel until I catch you,  
What you gonna do when she turns around  
And says you broke another heart that was broken down,  
It's a crying shame, that the love you've made  
Is a cross...that you bear

When it's cold...

Why don't you leave me alone?  
Oooooooooohhhh  
Oooooooooohhhh  
Take a chance  
With a woman who lets you  
Take a chance  
with a woman who lets you  
How you gonna feel when it's all found out  
Chase another heart that was up in doubt  
What you gonna do when you turn around  
I said I never, ever thought that you'd be messing 'round  
But then you dance, dance, dance with the woman that lets you  
How's it gonna feel until i catch you,  
How you gonna find out what she had in mind  
If you keep tearing out the pages of an alibi  
It's a crying shame, that the love you've made  
Is a cross... that you bear

It's a crying shame, that the love you've made  
Is a cross...  
that you bear  
When it's cold...  
Why don't you leave me alone?  
Oooooooooohhhh  
Oooooooooohhhh  
Take a chance  
With a woman who lets you  
Take a chance  
With a woman that lets you  
Take a chance  
Oooooohhhhhh  
Take a chance  
Oooooohhhhhh  
What you gonna do when it all breaks down  
Chasing another heart that's been run around  
How you gonna feel when it settles down  
  
You said "I never ever thought I'd be messin' 'round"  
But then you dance, dance, dance with the woman that lets you  
What you gonna do until I catch you?  
How you gonna feel when she turns around?  
And says you broke another heart that was broken down,  
It's a crying shame, that the love you've made (x 3)  
That the love...  
won't leave me alone
