

Try

The Magic Numbers

Gotta keep hold of this here feeling
I gotta keep hold of this here feeling
I have gotta keep hold of this here feeling ohohohohohohoh

Loneliness don't come around here
I've boarded up all the doors
There's nothing to give no more
I recall a time when I knew it all
I wish some had done me wrong
So I could then do no wrong

But if you try to keep moving on
And it seems like it's always so hard
But if you left me
Darling I know i'll be found
And if you leave me don't you let me know it's alright

Maybe I had to live and learn
To realise
All that I tried to give you
Never ever ever be enough

But if you try to keep moving on
And it seems like it's always so hard
But if you left me
Darling I know I'll be found
Oh and if you left me

Oh and if you try
Oh and if you try
Oh and if you try try
Oh and if you try try
Oh and if you try try
Oh and if you try
