

You Never Had It

The Magic Numbers

I must have been blind
thought I could see through your eyes
I was wrong you were right
now I can't get out of bed
Fear, fear in my bones
look at the toss look me turning
Yet still I could learn
I just can't get out of bed
was it something that you said?

CHORUS:

I was wrong (I was wrong)
I was lost but now I'm found
Don't be scared, don't be scared
Of losing something that you never had

Fear, fear in my bones
look at the toss look me turning
Yet still I could learn
I just can't get out of bed
No I can't
I must have been blind
Thought I could see through your lies
I was wrong you were right

Now I can't get out of bed
Was it something that you said

CHORUS

CHORUS:

I was ...

OUTRO:
