

## Don't Look Away

### The Magnetic Fields

Don't look away  
I don't think I could stand it  
So don't look away  
As my heart couldn't handle it

There's a fire in your eyes  
And it's melting the ice  
In my heart

Don't blink an eye  
They're so beautiful open  
Just let them cry  
Or the spell will be broken

The moments in your gaze  
Have been turning to days  
In my heart

We've never met  
And yet we're in love  
Never forget  
One look is enough

Just as long as you don't look away  
We can never be lovers  
There's one chance to take  
There won't be any others

I'll be spending my life  
With your eyes like a knife  
In my heart
