

Kiss Me Like You Mean It

The Magnetic Fields

He is my lord,
He is my saviour
And He rewards my good behavior

My secret soul,
I know He's seen it
He says, come here baby and

Kiss me like you mean it
He calls me baby,
Says kiss me like you mean it

He is my life and my salvation
He's always right,
He's always patient

I pinch myself
It's like I'm dreaming it
He is my love,
He's always been it
