

## Kiss Me Like You Mean It

The Magnetic Fields

He is my lord,  
He is my saviour  
And He rewards my good behavior

My secret soul,  
I know He's seen it  
He says, come here baby and

Kiss me like you mean it  
He calls me baby,  
Says kiss me like you mean it

He is my life and my salvation  
He's always right,  
He's always patient

I pinch myself  
It's like I'm dreaming it  
He is my love,  
He's always been it
