

## Seduced and Abandoned

### The Magnetic Fields

Seduced and abandoned and baby makes two  
Baby, abandoned by you  
Seduced and abandoned and what can I do?  
I think I might drink a few

Seduced with a grin, I was taken all in  
Taken in sin and in shame  
Seduced by a smile, I walked down the aisle  
Then waited awhile, no one came

Seduced and abandoned and baby makes two  
Baby, abandoned by you  
Seduced and abandoned and what can I do?  
I think I might drink a few

Abandoned to weep, I collapsed in a heap  
Dutifully sleeping all day  
Abandoned to die, I did nothing but cry  
In my one-ply negligée

Seduced and abandoned and baby makes two  
Baby, abandoned by you  
Seduced and abandoned and what can I do?  
I think I might drink a few

Yes, I think I might drink a few  
And maybe the baby will too
