

## Tar-Heel Boy

The Magnetic Fields

Tar-heel boy sings a song  
Bout a girl who ain't comin' home  
By n by, by n by  
She worked too long in the mill  
She's gone to those rolling hills in the sky  
We're barely off Mama's milk  
And we're locked in here weavin' silk  
We can't buy, we can't buy  
While you been off in Oregon  
I been drinkin' here all alone  
All night long, all day long  
They shot a nine-year-old boy  
For a hundred dollars
