

## The Dada Polka

## The Magnetic Fields

People of Earth, when you dance  
Dance the Dada Polka  
Life is only a dream  
When in the mood for romance  
Dance the Dada Polka  
Be as cute as you seem

Gyrate like a gyroscope  
Collide like a kaleidoscope  
Freeze!  
Do something, anything  
Do something, please

People of Earth, don't just stand  
There, the Dada Polka  
Is as fun as it sounds  
Move hips and hands when the band  
Plays the Dada Polka  
You may lose a few pounds

Gyrate like a gyroscope  
Collide like a kaleidoscope  
Change!  
Do something, anything  
Do something strange

People of Mars, you too must  
Do the Dada Polka  
It's the meaning of life  
Fill any partner with lust?  
Do the Dada Polka  
Soon there'll be a new wife

Gyrate like a gyroscope  
Collide like a kaleidoscope  
Do  
Do something, anything  
Do something blue

Do something, anything  
Do something a little out of character  
It won't kill you  
Do something, anything  
Do something true
