

## Till the Bitter End

### The Magnetic Fields

Through sleet and snow,  
and storm and hail  
Through every degradation  
and betrayal  
Past rhyme, and reason,  
and beyond the pale,  
darling, I will love you  
till the bitter end...  
and all the bitter moments till then

Through time and tomb,  
and Tim and Tom  
Through pro and con,  
and quid pro quo, and qualm  
Through tidal wave  
and asteroid and bomb  
darling, I will love you

till the bitter end...  
and all the bitter moments till then

And when your charms begin to fade  
and when you feel old and afraid  
I'll scratch beneath  
your shoulder blade  
and whisper:

My love is deeper than I show  
Remember what I said:  
Through sleet and snow...  
So even though I know you have to go  
darling I will love you  
till the bitter end...  
and all the bitter moments till then.
