

# Too Drunk to Dream

The Magnetic Fields

Sober, life is a prison  
Shitfaced, it is a blessing  
Sober, nobody wants you  
Shitfaced, they're all undressing  
Sober, it's ever darker  
Shitfaced, the moon is nearer  
Sober, you're old and ugly  
Shitfaced, who needs a mirror?  
Sober, you're a cromagnon  
Shitfaced, you're very clever  
Sober, you never should be  
Shitfaced, now and forever!

I gotta get too drunk to dream  
'Cause dreaming only makes me blue  
I gotta get too drunk to dream  
Because I only dream of you

I gotta get too pissed to miss you  
Or I'll never get to sleep  
I gotta drink wine not to pine for you  
And God knows that ain't cheap

I know you think I'm insane  
I know it's not appealing  
But till I'm feeling no pain  
Guess what I'll be feeling?

I gotta get too drunk to dream  
'Cause dreaming only makes me blue  
I gotta get too drunk to dream  
Because I only dream of you

I gotta get too fried to cry  
Or I'll be crying all night long  
I gotta get too high to sigh  
Oh my God, where did I go wrong?

So why do I get plastered?  
And why am I so lonely?  
It's you, you heartless bastard  
You're my one and only!

I gotta get too drunk to dream  
'Cause dreaming only makes me blue  
I gotta get too drunk to dream  
Because I only dream of you

I gotta get too pissed to miss you  
Or I'll never get to sleep  
I gotta drink wine not to pine for you  
And God knows that ain't cheap!
