

Why I Cry

The Magnetic Fields

All the summer days
Where we used to play
Walking hand in hand
Castles in the sand

So you said goodnight
But you meant goodbye
Now our love has died
This is why I cry, cry

From the madding crowd
Pointing up at clouds
Summer turned to fall
Pictures on the wall

So you said goodnight
But you meant goodbye
Now our love has died
This is why I cry, cry

So you said goodnight
But you meant goodbye
Now our love has died
This is why I cry, cry
