

# You're My Only Home

The Magnetic Fields

I will stay if you let me stay  
And I'll go if you let me go  
But I won't go far away  
Because you're my only home

And I will hide when you want hidden  
And I'll roam if you say roam  
But I just assume you didn't  
Because you're my only home

When you cancel dinner plans  
When you cross the street and you don't take my hand  
When you make impossible demands  
I wish I didn't understand

I will stay if you let me stay  
And I'll go if you let me go  
But I won't go far away  
Because you're my only home

I will hide when you want hidden  
And I'll roam if you say roam  
But I just assume you didn't  
Because you're my only home
