

Love's On The Line

The Magnificent

I thought I learned my lesson
I never thought I'd which it weren't
(That) everything changes
Nothing's everlasting

I was living for the moment
I never thought I'd fall in love
But now it seems that I've lost in
My own game

Here, tonight
I find myself still thinking of you
Deep inside
Our love remains, I can't help it

Everything changes
Ask no reasons
Whenever, anytime
Waking up to the restless feeling
Love's on the line

Turning the pages on forever
All there between the lines
Just like a turn of season
Love's on the line

Nothing but a recollection
The promises the whispered words
Altering stages of love and desire

In my mind I'll keep the picture
Of you and me, the way we were
Now it seems we've lost our dedication

Here, tonight
I find myself still thinking of you
Deep inside
Our love remains, I can't help it

Everything changes
Ask no reasons
Whenever, anytime
Waking up to the restless feeling
Love's on the line

Turning the pages on forever
All there between the lines
Just like a turn of season
Love's on the line

Here, tonight
I find myself still thinking of you
Deep inside
Our love remains, I can't help it

Everything changes
Ask no reasons

Whenever, anytime
Waking up to the restless feeling
Love's on the line

Turning the pages on forever
All there between the lines
Just like a turn of season
Love's on the line

Everything changes
Ask no reasons
Whenever, anytime
Waking up to the restless feeling
Love's on the line

Turning the pages on forever
All there between the lines
Just like a turn of season
Love's on the line
