

Tired Of Dreaming

The Magnificent

It's a strange game to play
The rules are not easy to change
When falling in and out of love
There's a price to pay

Highs and lows, so it goes
Constant changing from best friends to foes
That's how it was for you and I
A thorn and a rose

You told me that you've had enough
And that your leaving, really leaving
I didn't even say goodbye
I couldn't do it even if I had tried

Do you ever think what we could've had
I do, and it's driving me mad
I know I'm only wasting my time
Another lonely night and I'm tired of dreaming
I slip into overdrive
Every time I pull down the shades
Maybe it's the end of the line
There is nothing I can do and I'm tired of dreaming

Why do I even try
To find another reason why
We wouldn't go back and try to make it all right
Because loving you like I do
Surely took it's toll on you too
No matter what the cause
I was always true

No matter if it's day or night
I'm always dreaming, keep on believing
That some day you'd have a change of heart
So we could have a brand new start

Do you ever think what we could've had
I do, and it's driving me mad
I know I'm only wasting my time
Another lonely night and I'm tired of dreaming
I slip into overdrive
Every time I pull down the shades
Maybe it's the end of the line
There is nothing I can do and I'm tired of dreaming

Now you know why I feel blue
Come and make my dreams
Come true

Do you ever think what we could've had
I do, and it's driving me mad
I know I'm only wasting my time
Another lonely night and I'm tired of dreaming
I slip into overdrive
Every time I pull down the shades
Maybe it's the end of the line

There is nothing I can do and I'm tired of dreaming

Do you ever think what we could've had

I know I'm only wasting my time

Another lonely night and I'm tired of dreaming

I slip into overdrive

Every time I pull down the shades

Maybe it's the end of the line

There is nothing I can do and I'm tired of dreaming
