

One Last Shot

The Mahones

Give you one last shot
If you like it or not
One last shot
If you like it or not
Give you one last drink
I give you time to think
One last kiss
If you like it like this
Give you one last shot
If you like it or not
One last shot
If you like it or not
You wouldn't get away
Doing the things you do
You wouldn't get away
From me
From me
If you don't respect me
I don't respect you
I guess you don't know now
Well who your talking to
I Give you one last shot
If you like it or not
One last shot
If you like it or not
You can't get away
Doing the things you do
You can't get away
From me
From me
I give you one last kiss
If you like it like this
I give you one last kiss
If you like it like this
I Give you one last shot
If you like it or not
One last shot
If you like it or not
To me
To me
