

# Don't Give Up on Us

The Maine

I am weakness, I am greatness,  
I'm anything, you want me to be  
I am wasted, and I'll make this  
The anthem for a dying breed

See the light in the night when you're fading away  
Trust in us, we're all that you've got these days  
Take a look inside my heart  
Oh, lets get carried away

Don't you dare, don't you ever give up,  
Don't you ever give up, oh whoa  
Don't you dare, don't you ever give up,  
Don't you ever give up on us, my dear

I am selfless, I am selfish,  
I'm anything, that I want to be  
This is violent, this is honest,  
It's the anthem for a dying breed

See the light in the night when you're fading away  
Trust in us, we're all you've got these days  
Take a look inside these eyes  
Oh, lets get carried away

Don't you dare, don't you ever give up,  
Don't you ever give up, oh whoa  
Don't you dare, don't you ever give up,  
Don't you ever give up on us my dear

Don't give up on us  
No, don't give up on us

Don't give up on us  
No, don't give up on us

Don't you dare, don't you ever give up,  
Don't you ever give up, oh whoa  
Don't you dare, don't you ever give up,  
Don't you ever give up on us, my dear
