

Goodbye

The Maine

You've been searchin for something
That you never gon' find
Look ahead to tomorrow
Kiss yesterday goodbye
All the wants
There's these needs
I've been there
Please believe me
Now here's somethin' you'll be singin'
Bye

You've been walking with regret
Like there's no hope for today
No, you can't paint it silver and then call it gold but
You still paint it the same
All the wants
There's these needs
Oh, I've been there baby

You gotta say bye bye bye
Goodbye to yesterday
[x2]

And when the world gets in your way
You know what you got to say

You gotta say bye bye bye
Goodbye to yesterday
[x2]

Now honey, don't believe him
Lord knows he's been deceiving
So if you're lookin for some healing
Well baby, look right my way

You gotta say bye bye bye
Goodbye to yesterday
[x2]

You gotta say bye bye bye (goodbye)
Bye bye bye (goodbye)
Bye bye bye
Goodbye to yesterday
