

Room With No Windows

The Maine

This town it's a black hole,
Sucking me in,
Fucking me up,
Yes, it does

I could just stay and keep praying for things to get better
But they won't
And the only two things holding me here
Are whiskey and women

Oh, you're so naive
Just like a child
And I'll be happy
It just might take a while
'Cause you can't make me smile
Oh, you can't make me smile

And I live in a room with no windows
Too much time on my hands
Too much shit in my head
Yes, there is

I do what I must to stay alive
Now I wanna feel it
But I will not bother building a pool
I'll never swim in

[2x]
Oh, you're so naive
You're just like a child
And I'll hide my teeth
'Cause it might take a while
Until I learn how to smile

Oh, 'cause you can not make me smile
