

I Can't Wait

The Mamas and the Papas

I cant wait to say good-bye;
I cant wait to make you cry.
I can't wait...I can't wait to let you down.

I can't wait...can't wait to hear you say
That you love me and you'll change your ways,
But I'll say...but I'll say I'd rather be free;
It's gonna be so good for me
And baby I can't wait -
Baby, I can't wait (no).

I can't wait to hear you plead;
I can't wait - it's what i need.
I can't wait (I can't) to see you fall
(Can't wait to see you fall...)
I can't wait (can't wait) to hear you scream,
Baby, when you know that it's the end of your dreams.
Can't wait to see your face when I'm packed up and leaving your
place -
And baby I can't wait (no).

I can't wait to say good-bye;
I can't wait to make you cry.
I can't wait...I can't wait to let you dow
(Can't wait to let you down...)
I can't wait...can't wait to hear you say that you love me and
you'll change your ways
But I'll say...but I'll say I'd rather be free
It's gonna be so food for me
And, baby, I can't wait, no
