

# Nothing's Too Good for My Little Girl

The Mamas and the Papas

A Thursday night meeting  
To talk with your dad.  
He said that the organization  
Makes his heart feel glad.  
I picked out a movie, we went with your dad.  
And he said that it's this kind of movie  
That'll turn a good kid bad.  
He should know cause he's a dad  
and he knows what's good and what's bad;  
Yes, I guess you'll never be had  
Cause how many times have I heard him say...

Nothing's too good for my little girl  
Give her the best, I say.  
It's always first class  
For my little girl all the way.

One night in a nightdream,  
I dreamt of your daddy.  
He was making up a list  
Of all the things he thought I should have.  
One day in a daydream, I found you alone,  
But I didn't try to kiss you  
Or even make you my own  
Cause you belong to Dad  
You're not on the list of things I should have  
And I'm the kid who went bad.  
How many times have I heard him say...

Nothing's too good for my little girl  
Give her the best, I say.  
It's always first class  
For my little girl all the way.  
No, nothin's too good for my little girl  
Give her the best, I say.  
It's always first class  
For my little girl all the way.

Nothing's too good for my little girl...
