Smile Again

The Manhattan Transfer

Endless nights I'd play Solitaire Imagining that you were here One night flights, such heartless affairs They froze the hopes of love in me

You suddenly appeared Melted all my fears Filled me with the love that I need

You make me smile again like a child of three And I believe it will turn out right baby Oh, you make me smile again Hold me in your arms, ooh love, my love

Heart to heart our souls intertwine Make love and float away with me Twins of flame, a love so divine I want to spend my life around you

Now, now I have the strength Now I have the hopes You give me all I need

To make me smile again like a child of three And I believe it all will work out right Oh, you make me smile again Hold me in your arms, ooh love, my love

You make me smile again like a child of three Oh, I believe we'll live a dream for two Oh, you make me smile again Hold me in your arms, ooh love, my love

You make me smile again like a child of three I believe it all will work out right Oh, you make me smile again Hold me in your arms, ooh love, my love
