

Snootie Little Cutie

The Manhattan Transfer

She's a snootie little cutie
She's a pert little skirt
She's a knockout and a beauty and a flirt
Such a dapper little flapper
She's just cute as a trick
She's a kissy little missy, a vain little Jane,
She's slick

She's a classy little lassie
A keen little queen
And although sometimes she's sassy and mean
Just a fiend for romance is she
Squirrely little girlie, y'see
She's a knockout, a beauty
Snootie little cutie
Snootie little cutie is she

You're a mellow little fellow
Oooh, you're a coy little boy
You're a knockout and a beauty, you're a joy
You're a ready little steady
You swept this girl off her feet
You're a kissy little missy, a vain little Jane
But you're sweet!
You're a handy little dandy
Oooh you're a keen little queen
And although sometimes she's bossy
Oooh, I'm never mean
I'm a fiend for romance for you
Mellow little fellow you're mine
You're a knockout and a beauty
Snootie little cutie
Snootie little cutie mine

Yes, she's a classy little lassie
A keen little queen
And although sometimes she's sassy
She's never mean
I'm a fool for romance it's true
Moonlight, kisses and you
(That's for me!)

She's a beauty, that snootie little cutie
Snootie little cutie is she!
