## That's The Way It Goes

## The Manhattan Transfer

I still remember the day that we met Your smile is something I'll never forget And since that day my love grows and grows And that's the way it goes

The way it goes... I spent a lifetime just waiting for you But from now on dear my searching is through For you have made all my dreams come true And that's the way it goes

From out of nowhere you came into view Now I'm completely in love with you You walked right in, my heart walked out You took its place without doubt

Oh won't you please open your heart to me For since I've known you, you're all that I see You are the one love that my heart has chosen That's the way it goes -It goes ---
