

# The Thought Of Loving You

## The Manhattan Transfer

The thought of loving you  
The way I'm longing to  
A thousand hopeful dreams I have  
Are finally coming true  
I used to put you on a pedestal  
Where you became untouchable  
But now we touch and now so much is possible

Just being near to you (So near to you)  
Would be enough for me (For me)  
The many years without your love have been so tough on me  
But now a change has taken place in me  
I found someone whose faith in me  
Has given me the strength I need so desperately

Oh in my darkness you turn on the light  
My illusions vanish overnight  
The thought of loving you is now reality  
The thousand dreams I have I'll know in the end how it could be  
For as we melt in love so beautiful  
I never felt so wonderful  
The thought of loving you the way I'm loving you right now

In the darkness you turn on the light  
My illusions vanish overnight  
In the darkness
