

## Memories

The Mars Volta

I know I cannot leave this place full of memories  
Things like the way they knew us all over town  
We used to walk the streets together  
We could be seen  
Past shops where people knew us, yeah people  
Yeah they knew

Memories can hang you up and haunt you  
all your life, you know  
Get so you cannot stay and yet cannot go

I could find out where she's gone today  
I feel so unhappy  
Streets seem so empty now  
I want you with me

Memories can hang you up and haunt you  
all your life, you know  
Get so you cannot stay and yet cannot go
