

# Change Is Gonna Come

**The Marshall Tucker Band**

There was a time I dreamed about money  
Was a day I feared growing old  
Many times have come  
When I'm thinking 'bout you, honey  
And if you leave me girl  
I got nowhere to go

Cause I know, yes, I know  
A change is gonna come someday

Do you remember a long, long time ago  
You would follow me  
All the time  
And everywhere I go?

Now I find myself a pot of gold  
Living on another name  
And what I got to know  
Is it still the same?

Cause I know, yes, I know  
A change is gonna come someday
