

Yankee In A Chip Shop

The Matches

We've come, come to chameleon
In your pubs/clubs
Now we don't want no trouble
So don't nick nick my derby from my wig
Just want to blend in
And if you want to fight us then
We're gonna run run run all ten blocks
We're gonna run run run to the tube stop
Just trying to pull pull girls talking on their cells
Saying "boys/cowboys keep your gene pool to yourself"
Gonna run run run all ten blocks
We're gonna run run run to the tube stop
They wanna know

Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
They wanna know, ho
Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
We gotta go go

Now everyone say hey
And say it like you mean it
Cause it doesn't mean a thing
So it's easier to scream it
Say hey, say hey
Now say Oakland is never more Oakland
Than when you're lost in London
Say get get get our order up
We gotta get get grease to sober up

So everyone say hey
And say it like you mean it
Cause it doesn't mean a thing
So it's easier to scream it
Say hey, say hey
Say hey, say hey
Now say get get get our order up
We gotta get get grease to sober up
They wanna know

Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
They wanna know, ho
Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
We gotta go go

Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
They wanna know, ho
Who let the Yankees in the chip shop?
Who let the Yankees in the chip shop?
Fuck, we gotta go
