

A world outside

The Material

I can see your loosing hope
your smiles not the same
don't try to deny it
I can hear it when you speak
your voice gives you away
so why try to hide it?
and i know you feel broken
but I will never leave you alone

Keep believing, keep on breathin'

Just don't, give up,
there's so much that you should be seeing
you wouldn't believe it
I know you've had, enough,
but there's a world outside that's been waiting
life's what you make it
so don't throw it away

I know it's hard to get back up
when the world has turned on you
you can't find a reason
just reach out and take my hand
I swear we'll make it through

keep believing, keep on breathin'

Just don't, give up,
there's so much that you should be seeing
you wouldn't believe it
I know you've had, enough,
but there's a world outside that's been waiting
life's what you make it
so don't throw it away
don't throw it away

keep believing, keep on breathin'
don't throw it away
keep believing, keep on breathin'
don't throw it away
just don't, give up,
there's so much that you should be seeing
you wouldn't believe it
I know you've had, enough,
but there's a world outside that's been waiting
life's what you make it
so don't throw it away
don't throw it away
