

Let you down

The Material

So here we are again,
And you've thinkin that you've won
And I stil can't recognize the person that you've become

Will you look and see what you've done to me?
I've been crying on my floor
Can you hear me now as I'm walking out?
I won't take this, take this anymore

I didn't mean to let you down,
I didn't mean to call you out,
I didn't mean to spread your little secrets all around,
I didn't mean to walk away when you were lying to my face,
I didn't mean to turn right back and put you in your place
Or, maybe I did.

Oh, so you're an actor now?
Like guess our story was just pretend
And I, bet your arrogance,
It gets you in the end.

Did you think that I wouldn't realize?
You played me for a fool
How do you feel now?
Everyone found out and we all know the truth,
About you.

I didn't mean to let you down
I didn't mean to call you out
I didn't mean to spread your little secrets all around
I didn't mean to walk away when you were lying to my face
I didn't mean to turn right back and put you in your place
Or, maybe I did.

You should've seen your face when I walked out,
I let the words fall out of my mouth,
It would've felt so good to pull the curtain down,
No one believes you now.

I didn't mean to let you down, no. . .
I didn't mean to let you down,
I didn't mean to call you out,
I didn't mean to spread your little secrets all around,
I didn't mean to walk away when you were lying to my face,
I didn't mean to turn right back and put you in your place
Or, maybe I did.
Maybe I did, yeah
Oh, maybe I did.
