

This is goodbye

The Material

Hold back the tears, I've been here too long
I'm just wasting time, so it's time to move on.
And you can't deny, I've put off my dreams.
Throw that calendar out, there's more out there for me.

So I'm gone, out the door
Needed you, but not anymore
Sure it's true, I might fail
But not the same way as if I stayed here
This is goodbye

Please bite your tongue, cause there's nothing to say
I've been cursing the clock, so I'm leaving today
I've never been scared, of taking the chance
That you never did, and you never will,
So how could you ever understand?

So I'm gone, out the door
Needed you, but not anymore
Sure it's true, I might fail
But not the same way as if I stayed here
This is goodbye

This is my chance to make it,
This is my life,
I won't waste it here

So I'm gone, out the door
Needed you, but not anymore
Sure it's true, I might fail
But not the same way as if I stayed here

Now I'm gone, out the door
Needed you, but not anymore
Sure it's true, I might fail
But not the same way as if I stayed here
This is goodbye
This is goodbye
This is goodbye
This is goodbye

Now I'm gone. . .
