

Goodnight Waltz

The Mavericks

Here I stand before your eyes
I'm just a man who's realized
Another dream has come to light
So I'll say goodnight

I'll say goodnight to you
I'll say goodnight to you
So farewell but not goodbye
So I'll say goodnight

Time has come and gone too soon
Tomorrow brings another tune
I'll sing them all 'til the day I die
So I'll say goodnight
