

I Should Have Been True

The Mavericks

You held my hand
I was your man
I know that I was wrong to lie

If I could go back in time
Back when you were mine
I could hold you tight
And be with you

I should have been true
I should have been blue
I shouldn't wonder why you're gone
I should have known that I was wrong

Your eyes your lips
Your touch I'll miss
The nights are long
Since you've been gone

If I could go back in time
Back when you were mine
I could hold you tight
And be with you

I should have been true
I should have been blue
I shouldn't wonder why you're gone
I should have known that I was wrong

If I could go back in time
Back when you were mine
I could hold you tight
And be with you

I should have been true
I should have been blue
I shouldn't wonder why you're gone
I should have known that I was wrong

I should have been true
I should have been blue
I shouldn't wonder why you're gone
I should have known that I was wrong
