

## Nitty Gritty

The Mavericks

Well, if you didn't love me  
Wish you'd have told me  
Then I wouldn't even let it throw me  
When we got down to New York City  
We got down to the nitty gritty

Well, I didn't mean to bring you down now  
Well, I guess I got to be myself now  
'Cause I sure can't be nobody else now  
Yeah, they say that I'm a millionaire now

Well, ya told me just outside of Austin  
That you'd stick with me 'til Boston  
When a movie star from the city  
He took away my nitty gritty

Well, if you didn't love me  
Wish you'd have told me  
Then I wouldn't even let it throw me  
When we got down to New York City  
We got down to the nitty gritty

Well, I didn't mean to bring you down now  
Well, I guess I got to be myself now  
'Cause I sure can't be nobody else now  
Yeah, they say that I'm a millionaire now
