

## O What a Thrill

The Mavericks

O girl any moment  
I may kiss your lips  
O it's been a while  
Since I felt like this  
O girl please don't refuse me  
O I'm so scared you will

O what a thrill  
O what a thrill  
Stars in the sky  
Stars stand still  
O what a thrill

Woman words fail me  
Your skin is sweet and warm  
I want to console you  
And hold you in my arms  
O once you were my baby  
You're my baby still

O what a thrill  
O what a thrill  
Stars in the sky  
Stars stand still  
O what a thrill
