

Pizziricco

The Mavericks

The sun is always shinin' wherever you go
And there's an angel watchin' over you I know
You get away with everythin' but not very far
That's just what you are

Everybody knows you in the neighborhood
And sometimes what they say isn't always that good
You're not misbehavin', you're misunderstood
But we still love you

Hey, Pizziricco, bet you know that your mama loves you
Pizziricco, bet you know that your daddy does too
Pizziricco, wherever you go, whatever you do
Pizziricco, your dreams will come true

You and all your little friends are runnin' around
Gettin' into trouble never brings you down
You have been my happiness right from the start
The joy of my heart

Hey, Pizziricco, bet you know that your mama loves you
Pizziricco, bet you know that your daddy does too
Pizziricco, wherever you go, whatever you do
Pizziricco, your dreams will come true

Hey, Pizziricco, bet you know that your mama loves you
Pizziricco, bet you know that your daddy does too
Pizziricco, wherever you go, whatever you do
Pizziricco, your dreams will come true

Hey, Pizziricco, bet you know that your mama loves you
Pizziricco, bet you know that your daddy does too
Pizziricco, wherever you go, whatever you do
Pizziricco, your dreams will come true

Pizziricco, your dreams will come true
Pizziricco, your dreams will come true
Pizziricco, your dreams will come true
Pizziricco, your dreams will come true
