

This Broken Heart

The Mavericks

This broken heart will never love again
Because I don't want it to
You came along and showed me
I was wrong
To think that I could never love you

Every time I run away
I know you'll always stay

This broken heart will wear the pain she bore
With you my heart won't break anymore

Every time I run away
I know you'll always stay

This broken heart
Will wear the pain she bore
With you my heart won't break anymore
No, with you my heart won't break anymore
