

Believe

The Mayfield Four

I believe in grace
That God redeems and saves
Someday I'll thank Him for it all

I believe this life
Is a gift you can't deny
Even though this world can be so harsh

It's so hard to believe in love

I believe getting close
Is a danger to broken souls
The risk is never worth the gain

It's so hard to believe in love

I believe that the pain
May never go away
Someday I hope you'll understand

It's so hard to believe in love

After all I've endured
From your cruel selfish world
It's so hard to believe

I don't believe in love
