

# Believe

The Mayfield Four

I believe in grace  
That God redeems and saves  
Someday I'll thank Him for it all

I believe this life  
Is a gift you can't deny  
Even though this world can be so harsh

It's so hard to believe in love

I believe getting close  
Is a danger to broken souls  
The risk is never worth the gain

It's so hard to believe in love

I believe that the pain  
May never go away  
Someday I hope you'll understand

It's so hard to believe in love

After all I've endured  
From your cruel selfish world  
It's so hard to believe

I don't believe in love
