

Fer Sure

The Medic Droid

Fer sure maybe fer sure not
Fer sure eh Fer sure bomb...

Pulled up at a stoplight.
Did drugs on the dashboard.
Look at the mess we've made tonight

Kick off your stilletoes (oh yea)
kick off your stilletoes
And fuck me in the backseat
fuck me in the backseat

You're always falling in disguise
and always quick to compromise

kick off your stilletoes (oh yea)
kick off your stilletoes
And fuck me in the backseat
(fuh fuh fuh) fuck me in the backseat

Fer sure maybe fer sure not
Fer sure eh Fer sure bomb...

Bomb Bomb Bomb Bomb
Bah Bah Bah Bah
Bah-ah-ah-ah-ah

This is the end of what we planned
(Of what we planned)
and now

We're not falling in love
We're just falling apart,
so girl let's dance the night away
This is how the beat goes
This is how the beat goes
(just let your body go)

This is how the beat drops
This is how the beat drops
(I wanna see your panties drop girl now)
All this time is wasted pretending we're in love
But that's alright 'cause you know
I love being with you and seeing you cry

So don't let go-o
Don't let go-o, no-o
Don't let go

Fer sure maybe fer sure not
Fer sure eh fer sure bomb

Pulled up at a stop light
