Fer sure maybe fer sure not Fer sure eh Fer sure bomb...

Pulled up at a stoplight. Did drugs on the dashboard. Look at the mess we've made tonight

Kick off your stilletos (oh yeaa) kick off your stilletos And fuck me in the backseat fuck me in the backseat

You're always falling in disguise and always quick to compromise

Bomb Bomb Bomb Bomb Bah Bah Bah Bah Bah-ah-ah-ah-ah

This is the end of what we planned (Of what we planned) and now

We're not falling in love We're just falling apart, so girl let's dance the night away This is how the beat goes This is how the beat goes (just let your body go)

This is how the beat drops This is how the beat drops (I wanna see your panties drop girl now) All this time is wasted pretending we're in love But that's alright 'cause you know I love being with you and seeing you cry

So don't let go-o Don't let go-o, no-o Don't let go
