

# Darkness and Doubt

The Mekons

The room was filled with flashing lights  
They spoke in tongues: waaah  
Darkness and doubt  
Just follow me around

In the clear red dawn  
We moved like a tide  
But I went down  
In a baton charge  
Darkness and doubt  
Just follow me around

The valley grew still  
We drove out at night  
My head was split  
Oh, oh  
Darkness and doubt  
Just follow mc around

In the evening light  
The turn of a coat  
A friend gone for good  
Oh, woh, oh  
Darkness and doubt  
Just follow mc around

They said come back at ten  
And sing The Red Flag  
But the hall was cold and bare  
Darkness and doubt  
Just follow us about

The room was filled with flashing lights  
They spoke in tongues  
Darkness and doubt  
Just follow me around

Naked we shivered  
Out on the moor  
Bangagong, get it on  
Uh, give mc some more  
Darkness and doubt  
Just follow us about

In the clear red dawn  
We moved like a tide  
Over the horizon  
I saw John Wayne ride  
Darkness and doubt  
Just followed him about
