

# I Don't Know

The Mekons

don't depress me  
please caress me  
that's what you said to me  
i don't know  
don't trust no one  
don't trust nobody  
that's what you said to me  
i don't know  
all of your fear  
all of your love  
give it up to the word above  
create your structure and your language  
see the world assess the damage  
i say i love you  
go to hug you  
i know i'm lying  
i don't know  
does it matter  
when we "make love"  
what you tell me  
i don't know  
you've been caught thinking things you didn't oughta  
in words passed down from father to daughter  
electricity across your skin  
message received  
over and out  
inside the moment  
stars exploding  
world imploding  
i don't know
