

Vengeance

The Mekons

Say it's true and say it ain't
when you're down in a hole
stay down keep your head down
cause there has to be a way of escape

Eating oatcakes down the road
listening to my radio
If Mars invades then we'll be allies
Reagan Thatcher won't last long
so I'll sing another song

Don't be depressed don't be downhearted
there's a mighty crisis coming
pearls of thunder pearls of wisdom
Reagan Thatcher dead and gone

In the steaming rain my clothes are wet
I'll never rest and I'll never forget
